## I OUTLINE OF THE MINISTRY ORGANISATION

## 1. ABOUT TIDA

**TIDA** is a ministry organization that educates, inspires, and mobilizes Christians in their efforts to care for God's creation, to be faithful stewards of God's provision, to get involved in regions of Rwanda and the world impacted by pollution, and to advocate for actions and policies that honor God's creation and protect the environment.

Founded in 2022 as non-profit organization, TIDA's work is grounded in the Holy Scriptures. That is bible's teaching on the responsibility of God's people to "Make the former Eden" " and in a desire to be faithful to Jesus Christ and follow Him. TIDA publishes materials to equip and inspire individuals, families, and churches.

#### 1.1 How is TIDA funded?

TIDA, Ministry organization funded by only sources: individual contributions and Church. True Prophecy Bible Church is the body that supports the TIDA ministry organization. Each one is a separate, independent, legal entity.

TIDA also seeks to educate and mobilize Christians to:

- > Make a sound change in their churches and communities; and
- speak out on national policies that affect our ability to care for God's Creation and protect life, fauna, flora habitat and ensure all God's children and creation have a healthy environment to thrive in, and enable new opportunities to be public witnesses of Christ as his hands and feet in action and in truth.

We believe that our faith in God calls us to love and Steward God's creation, which is both people and the Earth that God, gave us to tend.

## **1.2 WHAT IS OUR MISSION?**

To live out God's calling by caring creations, inspires, equips, educates, and mobilizes Rwandan evangelical Christians and Rwandan community in general to love God and others by rediscovering and reclaiming the Biblical mandate to care for creation and working toward a stable climate and a healthy of Environment, pollution-free world.

#### **1.3 WHAT IS OUR VISION?**

The vision statement of TIDA is to ensure sustainable use of our natural resources and contribute to food security measures and poverty reduction through effective protection and sound environmental management and Sharing the fullness of the gospel of Jesus Christ, we envision a world with abundant life for all where people are free from the burden of pollution, all creation flourishes in right relationship, and God's people have hope and expectation for a healthy, vibrant future.

#### **1.4 OUR MOTTO**

- Produce
- Conserve
- Protect

#### 1.5 HOW DOES TIDA WORK?

TIDA projects do share a community emphasis, with a focus on science and research, traditional and natural practical conservation, environmental education, through site-based projects and wider advocacy.

#### **1.6 HOW IS TIDA DIFFERENT?**

#### We are a Christian

TIDA's activities are based on God's love for all creation as shown in the Bible or in Jesus Christ. With others who share the Christian heritage we are committed to the preservation of creation, and we do this with the hope that Christ is our king. We believe that we have been called to it by Christ as a service given to us. We do this by praying, encouraging each other through the Bible, and the main purpose of all our activities is to give glory to God.

#### We are multiple

In order to expand and spread the truth of what we believe, TIDA enjoys the relationship between us and other organizations or ministries in Rwanda or outside of Rwanda, we do not only work with church members, but we work with other people of culture and 'beliefs that are different from ours. Because we believe it is important in our work since it makes more to learn.

#### We advocate beyond the church

We are credible advocates for conservation beyond the church. While a TIDA is distinctively Christian, we choose not to speak exclusively to Christian audiences. We are working to show god's love for all creation, including people. Worldwide we work in many local contexts, so our projects reflect a great diversity of cultures, communities, ecosystems and approaches. Our aim is that they are all characterized by good science and good biblical teachings, by healthy involvement in local communities and local churches and by being prepared to work alongside others who may not always share our beliefs. We work with nature, live out our convictions and seek to communicate the significance of this to many audiences.

# Statement of Faith TIDA

- We believe in one God, eternally existent in three persons: Father, Son and Holy Spirit. God created the heavens and the earth; and, made humans in God's image, to be in loving relationship with God and to be stewards of all that God had made. (Genesis 1-2)
- Although humans were created to be in loving relationship with God, each other and all creation; in our sin and disobedience, we rebelled against God. As a result, our fellowship with God was broken, and all of creation was subject to the effects of human sin. (Genesis 3)
- We believe in Jesus Christ, fully God and fully human, begotten not made. Christ came into the world to reconcile humanity to God. Through his teaching and actions Jesus demonstrated the power and presence of the kingdom of God: justice, healing, hope, and mercy. Although sinless, Jesus obediently suffered unto death, paying the penalty for human sin in order to reconcile humanity and all creation to God. (I Peter 3:18; Romans 8) Through his resurrection he triumphed over death. God offers us salvation and reconciliation by grace through faith in Jesus' death and resurrection. (John 3) We believe Jesus will return in glory and restore all things to himself. (Revelation 21: 1-5)
- We believe in the Holy Spirit, the presence of Christ, who leads people to repentance, restores those who respond in faith, and guides us as we seek to live faithful lives that honor God. (John 14: 26; Romans 8: 14-17)

- We believe the Bible to be the inspired, the only infallible, authoritative Word of God. (2 Timothy 3:16-17) The Bible is the story of God's ongoing relationship with his creation, covenants and saving work.
- We believe in the spiritual unity of believers through our Lord Jesus Christ. The church is the world-wide community of followers of Jesus, with equality across race, gender and class differences. (Galatians 3:16) God calls us to be united in faith to do the work of the Kingdom of God on earth. This includes proclaiming the gospel in word and deed by making disciples of all people (Matthew 25: 31-46; Matthew 28: 16-20) and working together for the renewal of God's creation. (e.g., Acts 3:21; Romans 8: 18-21)
- We believe Jesus will return in glory to complete the work of restoring and renewing God's creation and those followers of Jesus will live eternally with God. (Isaiah 11:1-9)

• We accept that investigation of a complaint/allegation made against us may be carried out before we are made aware of it

• Investigations will be carried out by the general assembly. Outside assistance will only be sought if the general assembly considers it necessary

• Our response to a complaint/allegation will be as follows:

• We will ask the complainant's name and if s/he refuses to give it, politely state our policy of not investigating anonymous complaints/allegations

• If the complaint/allegation is made second-hand (i.e. the complaint/allegation has been made to the person contacting us by a third party), we will politely tell the person passing on the complaint/allegation that we will not investigate anonymous complaints/allegations

• If the complainant is willing to give her/his name and to sign a written statement, we will obtain contact information and brief details of the complaint/allegation and inform the

complainant that the Executive director or a director will be in touch with him/her shortly to arrange for a written statement to be taken

• In no circumstances will we make any comment upon or engage in any discussion of the Complaint/allegation

• All complaints and allegations must be treated with complete confidentiality

## 7.1.7 COMPLAINTS ABOUT OUR SERVICE

• If a complaint is made about TIDA's handling of a particular case, we will find out the details of the case (name, year of occurrence etc.) and bring it to the attention of the Executive director or a general assembly member so that the file can be found, checked and an appropriate response given

• In order to ensure that we are able to respond to complaints; we will ensure that all files contain

- Full records of all meetings, phone calls, referrals and discussions
- Copies of all correspondence and all other relevant documents

• We recognize that there will be persons who will not be satisfied with our services, but will Endeavor to resolve any differences before we close a file

## 7.1.8 THE MEDIA

• We recognize that the media is important to raise awareness about domestic environment protection and climate change , and about our work

• We will take full advantage of opportunities to carry out public education work through the print and electronic media

• We will however resist any attempt to politicize our work or to introduce any partisanship into the work we do and if we receive a media request for a comment on any particular issue (i.e. on a matter that is related to 'news' rather than public education) we will refer it to a general assembly or the Executive director

• We will whenever possible issue a print statement to the media if asked for a comment on any particular issue.

## 7.2 TIDA'S ENVIRONMENT PROTECTION POLICY

TIDA's environment protection Policy provides a framework to assist all those who work with TIDA in any capacity (TIDA representatives) in carrying out their responsibility to safeguard flora and fauna's welfare.

Anyone found to have accepted a personal donation will be subjected to disciplinary procedures, which may result in summary termination of the relationship with TIDA and/or expulsion from membership.

## 7.4 MONITORING & EVALUATION

## 7.4.1 POLICY FOR ANNUAL PERFORMANCE EVALUATION (APE) AT TIDA

#### 7.4.1.1 Annual Performance Evaluation

The annual performance evaluation is the analysis, based on documentation from previous stages of the process, of an employee's work record. The evaluation addresses two fundamental questions. The first relates to the past and involves verifying what was accomplished qualitatively and quantitatively during the year.

The second relates to the future and consists of identifying means to be considered to ensure the employee continues to grow and develop.

The performance evaluation form should include all the sections needed for the evaluation. This includes a section relating to performance evaluation in relation to the objectives established at the outset and in relation to the responsibilities of the position, a section that specifies or targets what is needed for the employee's development and finally a section allowing the employee and the evaluator to express their comments and affix their respective signatures. The form should also include a performance level classification and a definition of each of these levels. The annual performance evaluation does not have any financial impact on salaries. It is first and foremost a tool to evaluate the employee's performance and take remedial action if necessary.

#### 7.4.1.2 Skill Training and Professional Development

Depending on available funds, TIDA should foster the professional development of its employees in order to be as effective as possible in its activities. The training programs chosen should address the actual needs identified and expressed during performance evaluation sessions.

#### 7.4.1.3 Importance of M&E

TIDA recognizes that effective M&E practices lead to greater transparency, enhanced standards of accountability and improvements in project management and delivery of services, and in particular:

- Lead to informed decision making
- Lead to transparency in decision making

• TIDA employees will not receive additional payments for project work done during agreed working hours.

• All other persons who are to be paid for project work, including persons who are normally volunteers (including directors) must sign an agreement for services. Working persons who are to be paid for services during their normal working hours must obtain their employer's prior consent as to time and payment.

#### 7.7.3. TIDA REPRESENTATION

• All requests for TIDA representation on other bodies or at events, conferences etc. will be channeled through the general assembly.

• Upon receipt of an invitation the Executive director or secretary will, where possible, request the organization tendering the invitation to provide brief specifications outlining the skills that would be advantageous.

• The invitation will be forwarded to all general assembly members by the Executive director with all relevant information about the body/event/conference/task.

• The general assembly will consider the information presented by the Executive director and decide on representation.

• Should a decision be required at a time when the general assembly has not scheduled a regular meeting, it can be taken by the Legal representative and vice-Legal representative collectively, and reported to the next meeting for the record.

- Persons appointed shall represent and be responsible to TIDA.
- In cases of representation on another body:

• Whoever is appointed shall serve on the body in question for whatever term of office its constitution specifies. If the question of serving a further term arises, the general assembly of TIDA shall decide whether or not to renew the appointment

• In the event of a representative retiring before the expiration of her/his term of office the successor will be appointed by the general assembly

• The general assembly shall be empowered to cancel or withdraw the appointment of anyone representing it on another body, in writing to its representative and to the body concerned

## 7.8 COMPUTER INFORMATION SYSTEMS

• Backups of information should be carried out on a daily basis. Weekly backup copies should be stored off site to ensure their safety in the event that files at the processing location are destroyed.

• Anti-virus software should be loaded.

• Where appropriate, systems should be password protected to restricted unauthorized access and to ensure the integrity of information processed and passwords should be changed on a periodic basis.

• Personnel should be given training to properly use the systems and derive maximum benefits from them.

• Access to computer information should be restricted to appropriate personnel.

#### 7.8.1 PURPOSE

TIDA seeks to effectively manage the computer system for guiding the use, maintenance and security of the computer equipment. Employees are responsible for ensuring that the procedures and policies suggested here are followed.

#### 7.8.2 USE

Using computer equipment requires particular care because of its fragility and high cost. Access to the equipment should thus be strictly reserved to TIDA employees only. Those employees who are unable to handle commonly-used software will be given an orientation by the senior staff on request. At least one TIDA employee will be trained in handling minor maintenance of computers and accessories at the office.

#### 7.8.3SECURITY

a. In order to safeguard the computers against viruses, the external drives (CDs/DVDs/floppies/pen drives) that are at TIDA office are only to be used. In the same way, no external drive from any source other than from sealed packets shall be used in the computers, unless it is first scanned with a latest anti-virus software.

b. In order to safeguard computers from viruses, antivirus software has been installed in the computers. The virus list for this program should be updated on a regular basis.

It is the duty of the employee who has been assigned a computer to update the virus list on her / his computer.

c. There should be at least two backups of all important documents. One copy should be on the hard disk of the computer assigned to the concerned employee and a second copy on a CD/DVD kept in the office.

d. The computers of TIDA should normally be used by its employees. Consultants and Volunteers should seek prior permission of TIDA employee before using his/her computer in the office.

## 7.8.4 SAVING DOCUMENTS IN THE COMPUTERS

In order to streamline the procedure to save documents in the computers and to make it easier for people to find documents and make back-ups of important documents, Each employee should have a documents directory in his/her computer. This Directory / folder should be broken down into sub-directories to facilitate retrieval of important documents. Each employee will include a copy of all their important documents to be backed up on a directory entitled backup.
